What is Kiwanis?

Kiwanis is a worldwide service organization whose mission is to improve the lives of others, particularly children. Kiwanis was founded in Detroit, Michigan in 1915 and has grown to 9000 clubs located in more than 80 nations. The Presque Isle chapter was chartered in 1950.

Serving the Children of the World

Kiwanians are volunteers changing the world through service to children and communities. Every day, Kiwanians are revitalizing neighborhoods, organizing youth-sports programs, planting trees, building playgrounds, and performing countless other projects to help children and communities. Kiwanis members help shelter the homeless, feed the hungry, mentor the disadvantaged, and care for the sick. They develop youth as leaders, build playgrounds, raise funds for pediatric research, and much more. When you give a child a chance to learn, experience, dream, and succeed, great things happen!

Winter Energy Conservation Tips for Home

- Turn off unnecessary lights and appliances.
- Open refrigerator/freezer doors only when necessary.
- Use Compact Fluorescent bulbs - they last more than 10 times longer than incandescent bulbs.
- Clean the dryer filter after each use. A clogged filter restricts airflow and reduces dryer performance.
